Height adjustment	spring-loaded bolt and locking screw
Material	steel
Max. load capacity	35 kg
Rod combination	2-piece folding design
Special features	patented expanding mandrel system »Ring Lock«; vibration-free connection due to moveable plastic splints
Tube end(s)	»Ring Lock« diameter 35 to 37 mm
Type	black

Unshakable and Stalwart! This high quality, height adjustable distance rod is a guarantee for a secure, stable and quiet connection to satellite systems. The height is adjusted by an easy-to-use spring-loaded bolt and locking screw. The unique patented expanding mandrel system provides a stable, tight and firm fit for subwoofers and satellite speakers. The movable plastic splints provide for a vibration-free connection between the rod and the speaker. Connecting the speaker is easy and is done using the handy ring lock - which is simply placed in position and screwed on.
