support width can be adjusted individually to the size of the instrument
bassoon
from 57 to 87 mm
black

The bassoon stand is now available in a newly improved design 150/1. The large rubber coated support cup guarantees stability. The newly designed support bracket can be adjusted in tilt and width. The support bracket adjusts to the individual instrument by converting the removable rubber pads. The protective felt cover and the non-marring foot end caps are proven standards in König & Meyer?s quality policy.
