| Special features | particularly suitable for smartphones, flat devices and MP3 players; operating elements are not impaired in their function; freely rotates 360°; flexible holding arm for individual alignment |
| Threaded connector | 3/8" |
| Type | black |
| Width | from 45 to 90 mm |

With this universal holder, your smartphone is always within reach. The holder is suitable for all flat devices with a width of 45 to 90 mm. The operation is quick and easy. Insert smartphone - press clamping jaws together - done. The device is released again at the touch of a button. The clamping jaws with integrated rubber pads guarantee a secure hold. The movable supports can also be folded away completely if necessary. Thanks to the ball joint, the holder can be tilted up and down and rotated through 360°. The flexible support arm with the 3/8" microphone thread connection makes the smartphone holder versatile.
