Stable and sturdy speaker stand with aluminum tubes. Solid base tubes with 35 mm diameter and large rubber end caps guarantee a stable and safe stand. The compact clamp with the push-button system enables a user-friendly height adjustment of the stand. The clamping screw provides additional stability and a vibration-free hold of the speaker. Further special features are the pull-out guard for the extension tube, the integrated shock absorber and mounting aid for the speaker cabinets. The stand is foldable for easy transport.
