| Type | black |

Height-adjustable desktop stand for near-field monitors. The solid metal construction with the large support plate (205 x 245 mm) is suitable for a wide range of monitors and other equipment in the same size range. Four felt-covered support pads provide decoupling under the base plate. The individual height can be adjusted in 6 steps between 350 and 500 mm. In terms of load capacity, the stand can be centrally loaded up to 25 kg. Rubber pads are included for secure, noise-insulating support of the monitors.
