<b>Tube end(s)</b>	diameter 35 mm / 1.377", integrated threaded bush M10 for cross-bars; threaded bolt M20
<b>Type</b>	pure white
<b>Weight</b>	3.7 kg

Attractive stand for lights and smaller speaker cabinets. Thanks to the heavy, flat steel plate, the stand is best suited for use where space is limited. The height is fixed with a safety hook and secured by a clamping screw for a vibration-free and firm fit. The slim design of the clamp allows space-saving transport and ensures a stylish appearance. The usable height is between 1,400 and 2,400 mm and is adjusted in 5 steps of 200 mm. The integrated M10 threaded bushing allows the attachment of a truss or the direct mounting of lights. The maximum load capacity at full extension is 18 kg.
