| Special features | with the help of this adapter you can easily balance out uneven surfaces, stairs, steps or sloped surfaces; allows a height adjustment of max. 200 mm; if the surface is even, you simply leave the adapter in the initial position on the speaker foot |
| Suitable for tubing diameter of | 42 mm |
| Type | black |
| Weight | 1.45 kg |

With the help of this adapter, you can compensate for uneven floors, stairs, steps or sloping positions in no time at all. The leveling leg is mounted one-time on one of the legs of the wind-up stand »3000« and secured with a clamp. The required length is infinitely variable and allows a height adjustment of max. 200 mm. If no leveling is required, the adapter simply remains in the initial position on the stand base.
