Holder for sheet music, notebooks and books, for mounting on music stands and other stands, with a tube diameter up to 1.181". The 0.771 lbs lightweight tray made of aluminum sheet has a surface of 3.543 x 9.448" and retractable struts with a height of about 5.118". In addition, the holder scores with a durable powder coating and a special clamping to protect the finish.
