## Tablet PC stand

### Product variant

US-19798-300-55 - black

### Data

Adjustment	continuous
Angle of inclination	0° to 90°
Depth	from 0.197 to 0.433"
EAN	4016842103577
Height	from 6.417 to 9.528"
Height adjustment	non-scratching locking screws
Height Stand	from 27.559 to 61.024"
Leg construction	socket with foldable legs
Material	plastic, steel
Max. load capacity	2.203 lbs
Rod combination	3-piece folding design
Special features	freely rotates 90°
Swivel	90 °
Type	black
Weight	3.811 lbs
Width	from 4.016 to 7.441"

The combination of the stand and the Universal Tablet Holder supports you on stage, at home or in the studio. The individually adjustable support arms can accommodate the use of tablets ranging in height from 6.417 to 9.528" and a width from 4.016 to 7.441" (such as e.g. iPad mini, iPad Pro 9.7, Amazon Fire HDX 8.9, Google Nexus 9). The depth of the tablets can vary between 0.197 and 0.433". For the first use of the tablet holder the support arm settings are made by adjusting the clamp screws to the size and depth of the tablet. For other uses the tablet can be attached and detached quickly and simply through a snap lock. A handy wing nut allows one to adjust the angle, so that each user will easily be able to find their ideal individual position. The tablet can switch between portrait and landscape positions. The tablet is kept in place, there is no danger of the tablet switching position by itself. The light and two-tiered expandable stand can be adjusted to any height between 27.559 and 61.024". A small and compact footprint makes this stand easy to transport.
