	hreaded connector	5/8"
Type bl.	Гуре	black

The versatile tripod is identical in construction to the base of the world-renowned 19793 tablet PC stand. A small, compact size makes it easy to transport and is therefore suitable for many applications. Thanks to the 5/8" threaded connection, the stand can be combined with a boom arm, microphone, small speaker cabinet, smartphone/tablet holder, etc. The lightweight and 2-piece extendable stand can be infinitely adjusted to a height between 27.559 and 61.024".
