Weight	2.714 lbs

This exclusive microphone arm with a 3/8" or 5/8" thread connector in a modern design with a new innovative table clamp for quick and easy positioning of a microphone in the studio or at a multimedia work station. The 236.22" long internally guided microphone cable has a 3 pin XLR plug connector. Microphones to max. 3.307 lbs are easily held in any position. The clamping width of 0.393 to 2" / \varnothing 0.59 to \varnothing 2" allows the clamp to be attached to a wide variety of surfaces. The stable metal construction with high quality plastic inserts guarantees secure and strong hold. The cleverly shaped clamping parts allow the clamp to be used on smooth surfaces and round-shaped tubes. The microphone arm can also be fixed with the table flange 23855 available as an optional extra.
